MISSIONARIES OF THE MONTH

Kyron & Antonia Horton

BRAZIL

Kyron and Antonia are both natives of Brazil. They met while attending Pleasantview Baptist Church in Arlington, TX. In 1990, they returned to Brazil to be married, and in 1992, they were approved as missionaries by the World Baptist Fellowship Mission Agency. Their church in Brazil, Independent Baptist Church in New City, has seen many visitors already this year. Many of those visitors have expressed a desire to keep coming to church and learn more about a relationship with Jesus Christ. New believers must complete a short course, and along with spiritual guidance from the Hortons, new believers are spiritually baptized after they know for sure they have been saved and completed the course. New City church members are excited about the Church Matching Fund they started this year. Members give and try to match what is given from partners in the States to fund the building of their new church. The land purchased is just 200 yards from the beach. Pray that as they move on to the next step of building the church, members will make their donation commitment a priority in their monthly budget. Also, the Lord will continue to bring more first-time visitors and that God will provide according to His plan and for His Glory!
